Clay Animation

Create your own stop-motion animation movie! In this class students will use iPads (provided by the instructor) to take animation photos of clay and to edit video and sound. Set, character, and story construction will be taught and unique student ideas will be supported. Over the last 10 years the Clay Animation Network has taught over 10,000 students how to make animated movies. View student animations at www.cancancan.com (4 cans).

\$185 - PTSA members
\$200 - NON-PTSA members
THU
9/28 - 12/7/17
(no class 10/19, 11/23)
Classroom: Library
3:40 - 5:10 p.m.
Grades: 1st - 5th
